EARTH AWARD

# EARTH AWARD

The Earth Award is BOMA Calgary's opportunity to recognize and promote "environmental stewardship" in the building industry. The title "Earth" recognizes Earth Day which is celebrated to raise awareness of environmental issues.

The 2010 Earth Award has been designed to align with BOMA Canada and BOMA International Earth Award program requirements.

All entries will be subject to a site visit and verification process.

Certification must be renewed every three years to ensure that current day standards of performance are maintained.

Having achieved BOMA BEST of level 1 or higher is mandatory for entry.

Applicants are required to submit a binder. BOMA BEST binders may be used as the foundation for the Earth Award, but please pay attention to the different requirements, particularly in the OH&S sections.
