

Experience Exchange Report 2005 Data Collection

It is the EER time again! The 2005 questionnaire was mailed to over 19,000 people in mid-January, so you should already have received your copy. You have the option of submitting your income and expense data through (1) an on-line form, (2) an e-mailed excel spreadsheet or (3) a mailed or faxed paper questionnaire. The cover letter sent with the questionnaire has detailed information on these three options.

To access the on-line submission form, go to <http://surveys.ebrain.com/forms/2005EER.asp>.

If you would like to submit your data on an excel spreadsheet (It will be especially useful if you are submitting data for multiple buildings). If you would like a copy of the pre-programmed excel spreadsheet, you can either contact us or Amita Juneja, BOMA International's Director of Research at (202)326-6345, or ajuneja@boma.org.

Or you can download the EER 2005 questionnaire from BOMA International's website and mail and fax the forms back to BOMA International.

Completing the survey form helps to support one of the real estate industry's leading tools for monitoring and analyzing building performance and helps BOMA in putting together a more representative EER report, which in turn helps you greatly in your budgeting and business plans. *We encourage participation each year, as the greater the number of participants and the more buildings included in the project, the more reliable the information. Participants also receive a complimentary Expense Comparison Report (EPC), which compares their building(s) to similar buildings in their local market.*

The participants are also entitled to discounted prices on 2005 EER book and the CD. In addition to this, if they participate in 2005 EER survey, the respondent's name will be included in a drawing for a complimentary registration to BOMA International's Annual Congress and the office building show to be held in Anaheim, CA in June 2005.

The deadline to submit your data is March 21st and the EER books will be available in the first week of July.
